Event Cancellation Approval Process

Salesforce Milestone 6

When an event cancellation is submitted, it enters **Pending Cancellation**. The Event Admin / Manager can review the reason, then **Approve** (releases venue to Available and updates status to Canceled) or **Reject** (reverts status to Confirmed).

Karthik Silver Jubilee Anniversary
Requested on: 2026-09-26 by Michael Jackson

Pending

Reason: Client requested postponement due to overseas family travel conflict.

Approve CancellationReject Request

Workflow Automation & Email Dispatch Log

Milestones 6 & 7 Logs

Displays the automated emails triggered by record changes, cancellation approvals, and the 3-day reminder flow.
